

Hansa 2.3

The original accessible sailboat and still the most popular of the Hansa classes has proven that sailing really is for everyone

Now with 1,000 boats sailed in over 20 countries and numbers growing steadily, the Hansa 2.3 (previously known as the Access 2.3) is an International Sailing Federation (ISAF) class.

The 2.3 is available in Single (one person), Wide and Breeze (one or two person) models, all with the same innovative design features that make sailing safe, easy and fun. And there is a range of options that bring the sport and recreation of sailing within reach of anyone.

Easy to Sail

- Simple to use joystick steering
- Forward facing seats for comfort
- Responsive and manoeuvrable
- Easy to assemble and launch

Safe & Stable

- Weighted centreboard for stability
- Low centre of gravity seat position
- Roller furling to reduce sail area in stronger winds

Options

- Six deck colours
- Keel lifters
- Shore shuttle
- Boat and sail covers
- Servo electric controlled steering and sail setting

The 2.3 is the ideal boat for anyone who is looking for safe simple fun on the water. Community sailing programs, yacht clubs and sailing schools have all found the 2.3 is a perfect boat to introduce new participants to the fun of sailing and build confidence.
